

Starting in 2024: the all new Diploma of Animation Production at UTS College!

Looking for a career that inspires, challenges and energises you? Want to tell visual stories and learn animation, character and storytelling techniques using the latest animation software?

Now you can.

We're calling the dreamers, artists, visionaries and storytellers to join us in the new Diploma of Animation Production.

Here's what you'll get:

- 48 credit points and entry into 2nd year of the Bachelor of Animation Production at the University of Technology Sydney
- foundational skills in 2D and 3D motion drawing to bring stories to life
- a standalone diploma qualification to get you started in the industry
- use of the latest animation software including Harmony, Adobe Creative Suite, and Shotgrid
- exceptional support, teaching quality, and the same first year knowledge and subjects as UTS Bachelor of Animation Production students.
