# Welcome to UTS:INSEARCH

The start of a new journey

## VICE-CHANCELLOR'S WELCOME

The University of Technology, Sydney (UTS) is a recognised leader in teaching and learning. In 2011 we received a five star rating from QS\*, in recognition of world-class achievements across a broad range of areas, including internationally-renowned research and teaching, and cutting-edge facilities.

UTS:INSEARCH is an important part of our community. They provide pathway programs, including UTS Foundation and Diploma Programs, into some of our most popular courses. UTS:INSEARCH works closely with UTS to ensure you are fully prepared for tertiary studies. They are recognised internationally for their expertise and quality teaching, especially in Academic English Programs.

I encourage you to join the thousands of students from UTS:INSEARCH articulating successfully into UTS every year.

We look forward to welcoming you to UTS in the future.

Professor Ross Milbourne  
Vice-Chancellor and President  
University of Technology, Sydney (UTS)

## MANAGING DIRECTOR'S WELCOME

Congratulations on taking the first step towards achieving your goal of studying at UTS and building a successful career.

We offer pathway programs into UTS. Through the quality of our programs, our expertise and focus on the student experience, we give you the best possible foundation for your university career. You will be prepared to participate confidently in university life at UTS when you graduate from UTS:INSEARCH.

We have over 20 years of experience providing Academic and General English programs and our students rate our courses, facilities, teachers and support as exceptional. As we work so closely with UTS, our students enjoy both a quality education and many of the great facilities offered by UTS, including the library and university social clubs.

We are here to help you so make it happen at UTS:INSEARCH!

Alex Murphy  
Managing Director  
UTS:INSEARCH

# Living and Studying in Australia

Find success in one of the world's most beautiful cities

## WHAT STUDENTS SAY ABOUT LIVING & STUDYING IN SYDNEY

"Sydney is beautiful. There is so much to see and do here, it's a great place to learn. You can study over a coffee with friends and go to the beach on the weekends."

Dawn, China.

"I love Sydney. People here are so friendly. It's a great place to come and study."

Sam, Vietnam

"I don't want to leave Sydney...it's an amazing place. It's so multi-cultural and the food here is fantastic with so many different cuisines to choose from."

Julia, Russia

## STUDYING & LIVING IN SYDNEY

UTS:INSEARCH and UTS make Sydney the perfect place to study. A unique culture and outdoor lifestyle make it the ultimate city in which to live. UTS and UTS:INSEARCH are located in the vibrant city centre of Sydney and easily accessible by public transport.

Famous for its friendly community, safe environment and relaxed culture, Sydney is the perfect city to live in while you study. The beautiful harbour, pristine beaches and temperate climate mean you will be able to enjoy an active outdoor lifestyle, while a vibrant social and cultural scene with museums, theatres, galleries and hundreds of restaurants, bars and cafes cater to a wide range of interests.

## SYDNEY – THE BUSINESS HUB OF THE ASIA PACIFIC REGION

Living in a beautiful city like Sydney doesn't have to cost the world. In fact, it's very cost-effective when compared to other Western countries like Canada, the USA and the UK. On average, you will only need around AUD 18,000 – 20,000<sup>#</sup> a year to cover accommodation, food, transport and clothing\*.

<sup>#</sup> Please note: This does not include your tuition fees  
<sup>\*</sup>www.studyinaustralia.gov.au  
<sup>\*\*</sup>www.mercer.com – Top 50 cities: quality of living

## People:

Australians are renowned for their friendly nature. They love their sports, outdoor activities and have a healthy balance of work and play.

## Living:

Sydney is consistently rated in the top 10 of the world's best cities to live in\*\*

## Climate:

Summer falls in Dec, Jan and Feb (average of 26 degrees Celsius) and Winter falls in June, July and August (average of 17 degree Celsius)

## Population:

over 4.5 million\* people.

## Culture:

Sydney is one of the most diverse and multi-cultural cities in the world with 23%\* of all Australians being overseas born.

## Opportunity:

Sydney is Australia's number one business destination. It accounts for 30% of Australia's entire economic activity and is one of the major business hub's of the Asia Pacific region\*\*\*

## STUDY AND WORK

Having a part-time job is not just a great way to earn yourself some extra Australian dollars, it's also perfect to make new friends and if you need to, practice your English. As an international student studying in Australia, you are entitled to work up to 40 hours per fortnight during each semester, and as many hours as you like during university holidays.

## GET A HEAD START ON A GLOBAL CAREER

International students may benefit from proposed reforms to Australia's post-study work visa arrangements, likely to be introduced in early 2013. This will enable eligible international students to apply to work after graduation in Australia for two years after the completion of a Bachelor degree or Masters by coursework, three years for a Masters by research degree and four years for PhD recipients.

\* For all the details, terms and conditions go to [www.immi.gov.au/students/knight](http://www.immi.gov.au/students/knight)

## ACCOMMODATION

No matter what your lifestyle and budget, you will find a range of accommodation to suit your needs. Many international students find the UTS:INSEARCH Homestay Service a cost effective and convenient way to settle into their new home city. It means you can live in an Australian home, as part of an Australian family, and gain invaluable insight into the famous Aussie culture – as well as lots of opportunities to practice your English.

Find out more about Homestay by visiting our website or email: [homestay@insearch.edu.au](mailto:homestay@insearch.edu.au)

## AIRPORT WELCOME

UTS:INSEARCH also provide an airport welcome service for students arriving from overseas and staying in the Sydney metropolitan area. You'll need to provide your flight details and the address of your accommodation before arrival.

# About UTS:INSEARCH

UTS:INSEARCH - The first step  
to a great career

## WHY YOU SHOULD CONSIDER UTS:INSEARCH?

There are many reasons why students have chosen to study at UTS:INSEARCH:

- You may be an international student wanting to study at UTS but you do not meet the UTS direct academic entry requirements and/or the UTS English entry requirements
- You are an international student and want to further improve your English to prepare for university study in Australia
- You are an international student needing to study an alternative or equivalent to the Australian Year 12 Higher School Certificate in order to qualify for entry to an Australian university
- You are an international student and are still unsure about what degree you want to study at university and would like the opportunity to study a diploma first to confirm your decision.
- You may want to study in a smaller school that prepares you for successful university study where you can make friends, get comfortable in Sydney and then transfer to the second year at UTS.

## UTS:INSEARCH – THE PROVEN PATHWAY TO UTS

UTS:INSEARCH is a premium pathway provider to the University of Technology, Sydney (UTS), one of Australia's leading universities. In fact at UTS:INSEARCH our whole reason for being is to propel students like you into UTS.

UTS:INSEARCH offers high quality Academic and General English programs, UTS Foundation Studies and a broad choice of higher education diplomas. Our diplomas provide international students a guaranteed\* direct entry into the corresponding undergraduate degree at UTS. In fact, many of our students are able to fast track into the 2nd year of a UTS undergraduate degree, depending on what course they choose.

Whatever field of study you are interested in, UTS:INSEARCH could offer the pathway to help get you there. We provide courses in:

- English Programs
- Business
- Communications
- Design and Architecture
- Engineering
- Information Technology and Computing
- Nursing and Health Science
- Science

\*Subject to successful completion of a diploma with no more than two subject failures.

## WHY STUDENTS SUCCEED AT UTS:INSEARCH

- All of our academic programs are designed in collaboration with the corresponding UTS faculties. This means that the educational outcomes for students undertaking UTS:INSEARCH diplomas are for most courses, equivalent to those of first year students undertaking an undergraduate degree at UTS.
- Students benefit from small classes, with most tutorials having a maximum of 20 students to maximise learning outcomes.
- Students can enjoy access to UTS facilities including a world-class library and 24 hour computer labs.
- UTS:INSEARCH provides a highly supportive and caring culture including dedicated academic advisers, one-on-one learning assistance tutorials and study skills workshops to give students the best possible chance of succeeding.
- Our passionate and highly qualified industry experienced teaching staff will help you with your learning and will play an important role in your success.
- With access to over 100 sports and social clubs at UTS and UTS:INSEARCH, you can meet new people and make friends who share common interests.
- Students can enjoy studying in the CBD of Sydney, close to transport where everything is at your doorstep.

**95%**

**Of new diploma students at the end of 2011 were eligible to articulate to UTS**

**86%**

**Of students indicated that UTS:INSEARCH has high course standards**

**93%**

**Of students felt that UTS:INSEARCH teaching staff are always helpful**

# About The University of Technology, Sydney

UTS:INSEARCH is your pathway to UTS -  
A progressive university with a global perspective

## WHY CHOOSE UTS?

The University of Technology, Sydney (UTS), is a progressive university with a global perspective. They are a leading university in technology, fostering a vibrant scholarly environment of innovation and creativity. Awarded for their excellence in learning and teaching, UTS offers dynamic, practice centred courses and world-class facilities – both inside and outside the classroom. They provide a university experience that is intellectually and socially engaging, thus producing graduates who are sought after by industry.

UTS's international standing is reflected in achieving five stars in the QS Stars™ rating system.

\*International students graduating from the UTS:INSEARCH diploma are guaranteed a place in the corresponding undergraduate degree at UTS if they successfully complete their UTS:INSEARCH diploma with no more than two subject failures.

## PARTNERSHIP BETWEEN UTS:INSEARCH AND UTS

UTS:INSEARCH is closely affiliated with the University of Technology, Sydney (UTS). The relationship between UTS and UTS:INSEARCH benefits our students in many ways:

- UTS:INSEARCH students can gain up to 48 credit points of advanced standing (that's equivalent to one year of study at UTS), depending on which course they choose.
- UTS:INSEARCH students have access to UTS facilities, including 24 hour computer laboratories and a world-class library.
- UTS:INSEARCH students are guaranteed\* a place at UTS once they graduate from their diploma.

## WIDE CHOICE OF COURSES

Students at UTS can choose from over 100 undergraduate and 150 postgraduate courses in the faculties of Arts and Social Sciences; Business; Design; Architecture and Building; Engineering and Information Technology; Nursing, Midwifery and Health; Pharmacy and Science.

\*The Association to Advance Collegiate Schools of Business.

## THE DR CHAU CHAK WING BUILDING

The Dr Chau Chak Wing Building is the first building in Australia designed by Frank Gehry, one of the world's most influential architects. It will provide teaching, learning, research and office accommodation for the UTS Business School. There will be extensive public spaces in the new building, including

student lounges, cafes and outdoor roof terraces.

The building is named after Australian-Chinese businessman and philanthropist Dr Chau Chak Wing, who donated \$20 million to the project, alongside an additional \$5 million for Australia-China scholarships.

## UTS PROVIDES:

### TEACHING EXCELLENCE

UTS's Model of learning, encourages dynamic teaching, integrating theory with practice to deliver a real-world education across many platforms of learning. Contemporary, research-inspired programs and exposure to cutting-edge technologies prepare graduates for professional practice in the global workplace.

UTS academics are regularly awarded for their teaching achievements. Recently, five academics and their academic learning program, U:PASS, received Citations for Outstanding Contributions to Student Learning from the Australian Learning and Teaching Council.

### PRACTICE-ORIENTED EDUCATION

Leading industry professionals regularly help to develop and review UTS courses to provide a balance between theory and contemporary practical application. Their courses include major projects, real-life case studies, extensive group work and field-trips, all of which help students place their knowledge in a real-world context thus distinguishing UTS students from their peers.

### COLLABORATIVE NETWORKS

UTS maintains strong relationships with local industry and the professions. The University's Vice-Chancellor's Industry Advisory Board, comprised of CEOs and visionary leaders from a broad spectrum of industries, is integral to UTS. They actively foster industry relationships which deliver professional opportunities and first-class on-campus facilities to their students.

### RESEARCH LEADER

UTS is ranked 13<sup>th</sup> among 41 universities based on the Australian Federal Government's Excellence in Research report released in 2011, benchmarking approximately 80 per cent of their research as 'world-standard' or 'above-world standard'. Their research is focused on driving change and finding practical solutions to current national and international problems – what they call 'practical innovation'.

### EXCELLENT SUPPORT

UTS provides comprehensive support for international students, from their dedicated UTS International staff to English language assistance and the enthusiastic Peer Network student volunteers. Many of the staff working at UTS International are from diverse cultural backgrounds or have lived abroad, so they understand the challenge involved in moving to a new country and studying at a new university.

## UTS FAST FACTS

- Located in Sydney's vibrant CBD.
- Awarded five stars for excellence in higher education by QS

# Student Life at UTS:INSEARCH

---

**Form friendships and networks with other students through our vibrant and varied social scene.**

**Join the student council or take part in one of many fun student activities.**

---

## ACTIVITIES CLUB

The UTS:INSEARCH Activities Club is a free, student-led social group with a strong belief that if we work hard - we deserve a bit of fun too! Have fun, meet friends and get involved in organising movie nights, barbecues and dance parties, sports competitions, language exchanges, excursions and much more.

## UTS UNION

Take advantage of the hundreds of social clubs, events and sporting activities offered by the UTS Union. As a UTS:INSEARCH student, you are automatically a member. Whether you are interested in photography, languages, politics, raising money for charity or saving the environment, there is something for everyone.

## STUDENT COUNCIL

Be an ambassador. The Student Council is made up of members elected by UTS:INSEARCH students, to represent you - the student body. Voice your opinion on current policies and organise social events.

## CITY CAMPUS

As well as the many activities on campus and at UTS, UTS:INSEARCH's central location in the city and its close proximity to the city's main train station, Central Station, makes it easily accessible from almost anywhere in Sydney. Head to one of the many local cafes nearby, enjoy lunch or dinner in Chinatown or after a day of study wander down to one of the many entertainment venues. Everything you need is right on our campus doorstep.

# Support, Facilities and Services at UTS:INSEARCH

## STATE-OF-THE-ART FACILITIES

- **Enjoy the latest technology at your fingertips:** All students have access to modern student computer labs and high speed wireless internet throughout the campus. Students can also enjoy 24 hour access to UTS computer facilities.
- **Access a world-class library:** Another benefit of being a UTS:INSEARCH student is having access to one of the most technologically-capable libraries in the southern hemisphere.
- **Newly refurbished recreation spaces:** Meet friends, study or relax in between classes in our new dedicated student lounges. Enjoy access to open plan kitchens and our spacious student lunch areas.
- **Classes and lecture theatres:** All of our classrooms have the latest technology on offer, including the latest multimedia projection facilities in our lecture theatres and electronic whiteboards in our classrooms.
- **English Learning Centre:** High quality audio equipment and computers are on-hand, allowing English students to get the most out of self-directed learning. Students can also take advantage of the complete range of IELTS learning support materials.

## ALL THE ACADEMIC SUPPORT YOU NEED

- **Dedicated academic advisers:** Are here to support and encourage you with your studies, help you with your career path or assist you with any personal difficulties.
- **Weekly learning assistance sessions:** Additional classes for academic students to get individual help from expert tutors in all academic subjects.
- **Study skills classes:** During Orientation Week (occurs at the start of every semester), special study support workshops are held for students wanting to get a head start in their studies.
- **Personal assistance:** UTS:INSEARCH lecturers and tutors are available for free one-on-one consultations and tutorials if students require extra assistance outside of class.

## GENERAL SUPPORT

- **Student Centre:** Is there to assist you with all matters related to your studies.
- **Security:** Campus security is provided in all UTS:INSEARCH buildings to ensure your safety and to provide additional support if required.
- **Counselling services:** available at UTS to help you out with any personal problems.
- **Health services:** All students can seek health and medical assistance from UTS Health Services.
- **Prayer rooms:** Dedicated multi-faith prayer rooms are available on campus where all staff and students are able to worship in privacy.

---

**Make the most of state-of-the-art facilities, the latest technology and a range of dedicated student services – all there to help you discover your true potential in and outside the classroom.**

---

# UTS:INSEARCH Graduate Snapshots

For many of our students, UTS:INSEARCH is the first step to achieving their career dreams. There is no reason why UTS:INSEARCH can't do the same for you.

## Natalia Feuntes, Business Graduate

**Country:** Colombia

**Pathway:**  
UTS:INSEARCH  
Diploma of Business,  
UTS Bachelor of Business  
(major in Finance and  
International Business)

"UTS:INSEARCH really prepared me to undertake my studies in Business at UTS. I have since been awarded with honours at UTS in Finance – definitely my proudest moment! A big part of setting up that success was UTS:INSEARCH. They provided me with some solid academic skills to do well and was definitely a turning point in my life."

## Sokhyun, Communications Graduate

**Country:** South Korea

**Pathway:**  
UTS:INSEARCH Diploma  
of Communications,  
UTS Bachelor of  
Communications (major in  
Media Arts and Production)

"The tutors and lecturers I had at UTS:INSEARCH were the best - they were very helpful and having access to their expertise was one of the great things about studying there. The curriculum that we were taught also gave me a very strong foundation for my studies at UTS. I felt that I was very well prepared to make a successful transition for my university studies. I really recommend UTS:INSEARCH."

## Daming Zheng, Design Graduate

**Country:** China

**Pathway:**  
Academic English,  
UTS:INSEARCH  
Diploma of Design,  
UTS Bachelor of Design in  
Visual Communications and  
Photography.

"The course structure of the UTS:INSEARCH Diploma of Design covered similar subjects to UTS and provided me with a strong foundation that enabled me to make a successful transition. My design teacher's provided me with valuable information on what to expect at university and I learnt skills that I felt gave me an advantage over other international students.

Since I graduated, I have set up a design studio called Marwils Production and Design with four other work colleagues. I work as a designer and photographer there and we are hoping to expand in the next five years. If possible, I would like to become a design tutor at UTS:INSEARCH or UTS!"

## Matthew Komlejnovic, Engineering Graduate

**Country:** Australia

**Pathway:**  
UTS:INSEARCH Diploma of  
Engineering,  
UTS Bachelor of Engineering,  
major in Information and  
Communication Technologies

"My experience at UTS:INSEARCH has been great. Not only have I met a lot of people from lots of different backgrounds, I've also learnt a lot from studying at UTS:INSEARCH. I'll never forget my time here. Everything from the weekly Student Council activities, to the staff members who are willing to help out even after hours.

I doubt I would have ever accomplished the high marks I achieved at UTS:INSEARCH without the persistence and support that I received from all my teachers."

## Metta Dewi, Information Technology Graduate

**Country:** Indonesia

**Pathway:**  
UTS:INSEARCH Diploma of IT,  
UTS Bachelor of Science in  
Information Technology,  
Diploma in Information  
Technology Professional Practice

"The people are all friendly and supportive, the teachers had lots of IT industry experience and the class sizes are small. Plus studying at UTS:INSEARCH gave me time to think about what area of IT I wanted to pursue at UTS and the different opportunities out there.

Thinking back I remember I chose UTS:INSEARCH because it came highly recommended from many of my friends and family back at home in Indonesia. Now, being a graduate myself and the experience I have had, I am recommending to others about how good it is too!"

## Farrah Zaiter-Geddes, Science Graduate

**Country:** United Kingdom

**Pathway:**  
UTS:INSEARCH  
Diploma of Science,  
UTS Bachelor of Science,  
majoring in Medical Science

"The Diploma of Science has really broadened my knowledge and has definitely given me the confidence going into my university studies. The teachers are great, and if you need the extra help, they are always very supportive and if you need it, you have access to other skill building and learning workshops.

They also give you lots of opportunities to get involved in student life and activities – like the Student Council and Activities club."

## Rachel Mah, UTS Foundation Studies Graduate

**Country:** Malaysia

**Pathway:**  
UTS Foundation Studies in  
Health Sciences,  
UTS Bachelor of Nursing

"UTS:INSEARCH was a major stepping stone for me to adjust from freshly graduating out of the classroom and into a fully-fledged UTS Nursing degree. The tutors at UTS:INSEARCH are so inspiring – they really challenge your way of thinking! I also like the international culture and close friendships I've made here.

UTS:INSEARCH is like a banquet table of open doors, ideas and knowledge. If you see what you like, dig in! Let nothing stop your hunger to succeed at uni – and that's what they help you do."

## Daiki Hagina, English Graduate

**Country:** Japan

**Pathway:**  
UTS:INSEARCH  
Academic English Program  
(AEP) level 8 and  
Direct Entry English Program  
(DEEP), UTS Masters of  
Professional Accounting

"I've really enjoyed meeting new students, finding out about new cultures and learning new ideas and points of view. If you want to learn English, I would recommend UTS:INSEARCH to others. The quality of the program is very high and it really sets itself apart from other providers. Having the English Learning Centre and access to the online learning system makes a big difference.

Writing in English was the biggest challenge for me - completing this course has really helped prepare me for further education. Now I am writing and reading at a university masters level!"

# UTS:INSEARCH Pathways

Whatever your future direction, we have the course to get you there. From English Programs, UTS Foundation Studies to higher education Diplomas.

The pathway you take into UTS will depend on your English proficiency and Academic qualifications

## PATHWAY 1

## PATHWAY 2

## PATHWAY 3

\*The point of entry into a UTS degree depends on your major. International students successfully completing Business, Communication (wishing to articulate to the UTS Bachelor of Arts in Communication, majoring in Public Communication) Engineering and Information Technology diplomas with no more than two subject failures are guaranteed entry into the second year of a UTS degree (48 credit points). Students undertaking the Diploma of Communication (Public Relations) course wishing to articulate to the UTS Bachelor of Arts in Communication with a major other than Public Communication, will also receive 48 credit points of advanced standing. The advanced standing will however apply to subjects from first, second and third year of the degree. For most Design and Science courses (depending on the UTS major chosen), students will enter into the first year of UTS receiving up to 42 credit points.

## ENGLISH PROGRAMS

- UTS:INSEARCH is renowned as one of the top English language program providers in Australia. We are dedicated to providing the best in resources and support, with highly qualified staff, to ensure our students succeed.
- We offer general and academic English programs that provide direct entry into UTS Foundation Studies, UTS:INSEARCH diplomas and UTS undergraduate and postgraduate degrees.
- We also offer both full and part-time IELTS preparation courses.

## UTS FOUNDATION STUDIES

- This program prepares students for Australian university study in a range of disciplines, covering content related to the field of study they may wish to pursue at UTS.
- The program provides pathways to UTS:INSEARCH diplomas or, for students who obtain exceptional results, entry into the first year of an undergraduate degree at UTS.
- Choose from one of six streams of study: Arts and Social Sciences; Business; Design and Architecture; Information Technology; Nursing and Health Sciences and Physical Sciences.

## DIPLOMA COURSES

- Choose from one of six diplomas: Business; Communication (Public Relations); Design (Visual Communication); Engineering; Information Technology and Science.
- In most cases the educational outcomes for students undertaking a UTS:INSEARCH diploma are equivalent to those of first year students undertaking an undergraduate degree at UTS.
- Many Diploma graduates are guaranteed entry into the second year<sup>#</sup> of a UTS degree upon successful completion of their diploma with no more than two subject failures.

<sup>#</sup>excludes some Communication, Design and Science courses where students enter into first year of a UTS degree with varying credit points. Refer to individual pages within this guide for full credit points.

Please refer to page 16 for more details

Please refer to page 19 for more details

Please refer to page 21-32 for more details

# UTS:INSEARCH English Programs

Leading the way in English Language programs providing direct entry into UTS:INSEARCH and UTS academic courses

UTS:INSEARCH has been providing English language tuition since 1986, and in the last two years alone we have taught more than 3000 students from 75 different countries. We also deliver programs in Vietnam and China with plans for further expansion to meet the increasing need for English language programs in the Asia Pacific region.

At UTS:INSEARCH, our English Language courses are designed to provide a pathway that leads directly into UTS Foundation Studies, UTS:INSEARCH Diplomas and undergraduate and postgraduate degrees at the University of Technology, Sydney.

## WHY YOU SHOULD CHOOSE TO STUDY ENGLISH AT UTS:INSEARCH

UTS:INSEARCH is dedicated to providing the best in resources and support, with highly qualified staff to ensure our students succeed. Our whole reason for being is to help students achieve their academic dreams. Students from around the world choose to study English at UTS:INSEARCH because of our reputation in providing them with all the support and resources they need to do well.

### WE OFFER:

#### FREE LEARNING ASSISTANCE SESSIONS

We have dedicated Academic Advisers and teachers who closely follow our students' progress to ensure they are receiving the support they need. Additional tutorials focus on listening, speaking, reading and writing skills for students who are experiencing difficulties. There is a maximum of 12 students in LAS tutorials so each student receives the personalised support he or she needs to succeed.

#### ACCESS TO UNIQUE LEARNING SUPPORT TOOLS AND STATE-OF-THE-ART FACILITIES

UTS:INSEARCH offers students many additional resources to help them in their English language learning. These include:

- Online practice material available any time from the UTS:INSEARCH English e-Learning site for additional practice in the individual language skills of Reading, Listening and Writing.  
**Go to:** <http://elearning.insearch.edu.au>
- Our course materials are linked to the Australia Network (the Australia Pacific arm of the ABC) TV program *Study English - IELTS Preparation* and *Passport to English*, produced in partnership with UTS:INSEARCH. These programs help students by supplementing their studies with video and downloadable materials. Each UTS:INSEARCH Academic English level links to a corresponding program in the series, to develop skills for intermediate to advanced learners of English. These programs are also popular for students preparing for IELTS.  
**Watch online at:** [www.australianetwork.com/studyenglish](http://www.australianetwork.com/studyenglish) or [www.australianetwork.com/passport](http://www.australianetwork.com/passport)
- We have a dedicated English Learning Centre (LC) for all full-time and part-time UTS:INSEARCH English language students. The LC is equipped with many resources to assist students at each level of their English language studies, and has computers with internet access. At the LC, students can participate in IELTS tutorials and discussion groups. There are also teachers available for individual support.
- All English language course materials are available in digital format and all classes have wi-fi access.

#### HIGHLY QUALIFIED AND INDUSTRY EXPERIENCED TEACHING STAFF

Our reputation attracts the experts in the industry. Our teachers are some of the most highly trained with an average of 15 years of experience. Thirty per cent are certified IELTS examiners. We have 26 teachers with Masters Degrees in Linguistics, Applied Linguistics, TESOL and/or Education and five teachers with PhDs. We have eight teachers who are trainers for the Cambridge Certificate in Teaching English to Speakers of Other Languages (CELTA).

## OUR ENGLISH LANGUAGE PROGRAMS

Proficiency in English is essential for success in your academic studies. A solid command of English can also dramatically increase your career opportunities in our globalised world. UTS:INSEARCH offers a range of courses, both full-time and part-time to suit all levels of English needed and to help you achieve your academic dreams. We offer:

### DIRECT ENTRY ENGLISH PROGRAM (DEEP)

(Duration: 200 hours over 10 weeks)

The **Direct Entry English Program (DEEP)** prepares you for studying UTS:INSEARCH Diploma courses and UTS Degrees.

Successful completion of DEEP will allow you direct entry into UTS without having to sit external tests such as IELTS (provided you meet all other requirements for entry into your chosen course).

Students must enrol in DEEP for a minimum of ten weeks of consecutive study, although actual length of study time will depend on your individual English at entry level, and progress.

CRICOS Course Code: 032417K

### ACADEMIC ENGLISH PROGRAM (AEP)

(Duration: 100 hours over 5 weeks per level)

This course prepares you for entry into DEEP and IELTS full-time courses.

You will learn skills in essay writing, seminar participation, researching, listening, note-taking and academic reading. Students are provided with course materials especially designed to address the English language skills required for academic study at university level.

IELTS and TOEFL test scores act as a guide to place you at the correct level to start your course. If you don't have an IELTS or TOEFL score, you will be asked to sit a short placement test on arrival. Completion of AEP 9 prepares you for UTS:INSEARCH Diploma Programs, while completion of AEP 8 satisfies English entry requirements to UTS Foundation Studies programs.

CRICOS course code: 032410F

### GENERAL ENGLISH (GE)

(Duration: 100 hours over 5 weeks per level)

General English prepares you for the Academic English Program (AEP), and focuses on the development of basic listening and speaking skills. Students may enter the course from beginner to lower intermediate level.

IELTS and TOEFL test scores act as a guide to place you at the correct level to start your course. If you don't have an IELTS or TOEFL score, you will be asked to sit a short placement test on arrival.

CRICOS course code: 032422B

## IELTS PREPARATION COURSES

### FULL-TIME COURSE

(Duration: 100 hours over 5 weeks)

The full-time IELTS preparation course offers five weeks of intensive training for the test. The course covers all aspects of IELTS and is aimed at maximising your IELTS examination strategies. Skills in listening, speaking, reading and writing are all thoroughly analysed in the context of the IELTS test. At the end of your studies you are provided with a detailed analysis of your progress. This allows you to determine which skills you will need to focus on in order to achieve your target test score.

CRICOS Course Code: 071293E

### PART-TIME COURSE

(Duration: 20 hours over 5 weeks)

**Please note that student visas are not obtainable for any part-time courses.**

The UTS:INSEARCH part-time IELTS courses offer flexible study, with a choice of evening or Saturday classes. The courses provide an overview of all aspects of the IELTS test. You will be introduced to a range of question types and will develop strategies to deal with the variety of tasks encountered.

### INTENSIVE

(Duration: 40 hours over 4 weeks)

The IELTS Intensive course offers 40 hours of intensive preparation, over four weeks. The course is ideal for students who require maximum exposure to IELTS test questions, and leaves the morning free for private study in the UTS:INSEARCH Learning Centre. The course is suitable for both academic and general training module candidates.

### SPEAKING & PRONUNCIATION

(Duration: 20 hours over 5 weeks)

This course is intended to develop fluency and clarity in speech as well as focus on correct rhythm, stress and intonation. Listening and conversation skills are developed as well as speaking and presentation skills.

The course is suitable for general, academic and business students. It is also ideal for participants in other courses who need to develop confidence in presentation skills and other speaking contexts, or those who need to develop strategies for the IELTS speaking test.

Pronunciation problems are identified, and activities are provided to address these problems. There is an emphasis on fluency and communicative competence.

### WRITING

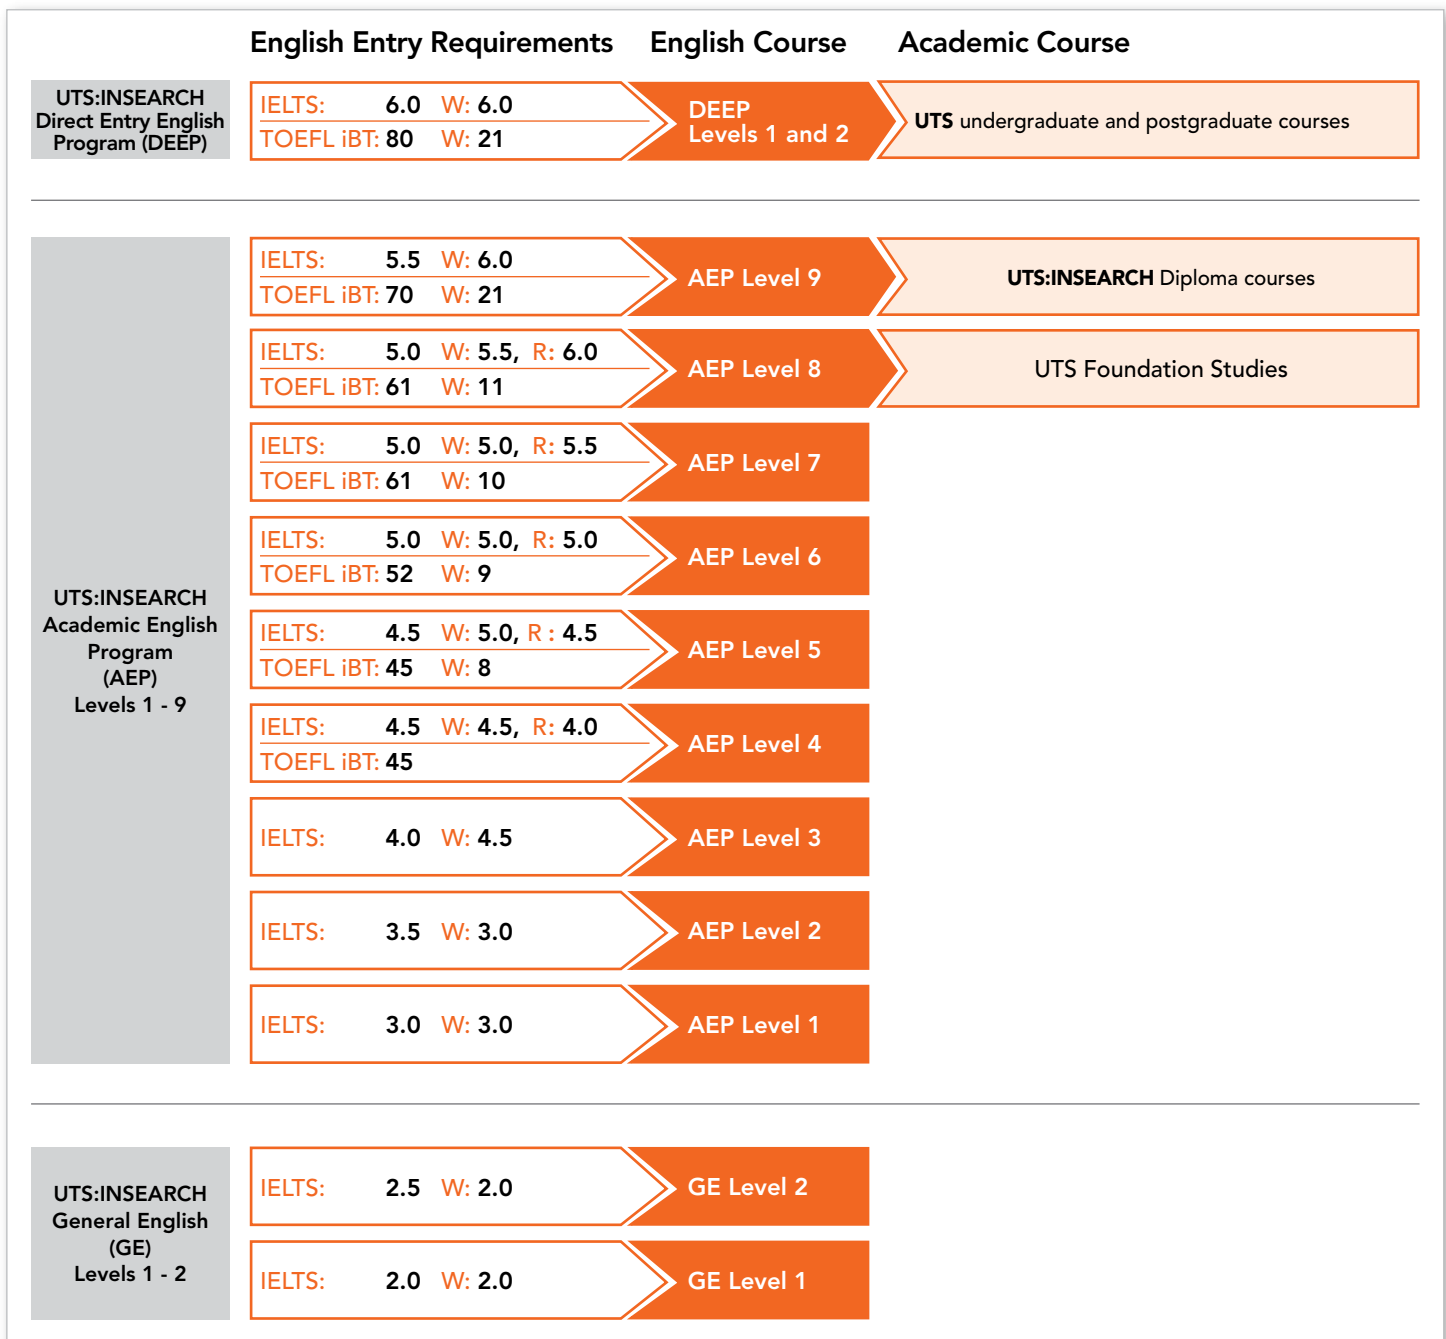

(Duration: 20 hours over 5 weeks)

The IELTS Writing course aims to improve your ability to write clear and accurate essays for Task 1 and Task 2 of the IELTS writing test. The course focuses on producing relevant ideas and information to answer questions, organising ideas systematically, text structure and using appropriate language.

**PACKAGE YOUR ENGLISH PROGRAM WITH A UTS:INSEARCH ACADEMIC PROGRAM**

UTS:INSEARCH English courses can be packaged with UTS Foundation Studies and/or diploma courses (you will only need to pay one international student processing fee), as well as UTS degrees. One of the advantages of packaged programs is that only one visa needs to be secured for the entire study period. Where a package includes English, no further external English test will be required before beginning your next course at UTS:INSEARCH or UTS.

**The English program that you undertake will depend on the English qualification you have upon entry**

W: Writing score R: Reading score

Please note the above diagram is a guide for students only. A student's pathway will vary depending on that individual's written and reading IELTS or TOEFL score.

For English entry requirements, please refer to page 33.

# UTS Foundation Studies

The pathway you take into UTS will depend on your English proficiency and Academic qualifications

### PATHWAY 1

### PATHWAY 2

\*The point of entry into a UTS degree depends on your major. International students successfully completing Business, Communication (wishing to articulate to the UTS Bachelor of Arts in Communication, majoring in Public Communication) Engineering and Information Technology diplomas with no more than two subject failures are guaranteed entry into the second year of a UTS degree (48 credit points). Students undertaking the Diploma of Communication (Public Relations) course wishing to articulate to the UTS Bachelor of Arts in Communication with a major other than Public Communication, will also receive 48 credit points of advanced standing. The advanced standing will however apply to subjects from first, second and third year of the degree. For most Design and Science courses (depending on the UTS major chosen), students will enter into the first year of UTS receiving up to 42 credit points.

\*Students must be at least 17 years old at the time of starting UTS Foundation Studies.

UTS Foundation Studies is offered on behalf of the University of Technology, Sydney (UTS) and delivered by UTS:INSEARCH. The UTS Foundation Studies program prepares you for Australian university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

The program provides pathways to UTS:INSEARCH diplomas or, for students who obtain exceptional results, entry into the first year of an undergraduate degree at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry to UTS.

UTS Foundation Studies is offered as a Standard or Accelerated program for international students. Entry into the Standard or Accelerated programs will be determined by the students' academic qualifications at the time of entry.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

In the Standard Program, students study five common subjects in the first semester:

- Foundations of Academic English
- Applied Mathematics
- Australian Studies
- Technology and Society
- Academic and Professional Environments

On completion of the subjects in the first semester of the Standard program, students then join the Accelerated program and choose from one of the six streams of study.

CRICOS course code: 068814M  
UTS course code: C30014

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the Accelerated Program students choose from one of six different streams of study:

- Arts and Social Sciences
- Business
- Design and Architecture
- Information Technology
- Nursing and Health Sciences
- Physical Sciences.

Each stream contains two core subjects; Academic English and Digital Literacies and three subjects relating to the chosen stream as shown in the table on the next page.

CRICOS course code: 068815K  
UTS course code: C30015

# UTS:INSEARCH Business Pathways to UTS

The pathway you take into UTS will depend on your English proficiency and Academic qualifications

## PATHWAY 1

## PATHWAY 2

## PATHWAY 3

## UTS FOUNDATION STUDIES (BUSINESS)

The UTS Foundation Studies (Business) program prepares you for Australian university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

Entry into the Standard or Accelerated programs will be determined by academic qualifications at the time of entry.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

Students study five common subjects in the first semester:

- Foundations of Academic English
- Applied Mathematics
- Australian Studies
- Technology and Society
- Academic and Professional Environments

On completion of the subjects in the first semester Standard program, students then join the Accelerated program and choose the Business stream of study.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Business Stream, students study the following subjects:

- Academic English for Business
- Digital Literacies
- Accounting
- Economics and Finance
- Mathematics A

Please see pages 39-42 for articulation requirements to UTS:INSEARCH diplomas and UTS.

## UTS:INSEARCH DIPLOMA OF BUSINESS

The UTS:INSEARCH Diploma of Business program is designed in collaboration with the UTS Business School. This means the educational outcomes for students undertaking the Diploma of Business are equivalent to those of first year students studying a Bachelor of Business at UTS.

Students are guaranteed entry into the 2<sup>nd</sup> year of the UTS Bachelor of Business degree upon successful completion of their diploma with no more than two subject failures.

On completion of the Diploma of Business, graduates will be able to demonstrate an understanding of the functions of accounting, finance, marketing and management within a business organisation. They will be equipped with effective communication and presentation skills and will be able to apply critical thinking and analytical problem solving skills. The Diploma of Business is offered as a Standard or Accelerated program.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a guaranteed\* entry into the second year of a UTS Bachelor of Business degree.

#### Stage 1

- Academic and Business Communication
- Accounting for Business
- Economics for Business 1

#### Stage 2

- Accounting Transactions and Business Decisions
- Fundamentals of Business Finance
- Managing People and Organisations

#### Stage 3

- Marketing Foundations
- Business Statistics
- Elective Choice: Economics for Business 2  
or  
The Financial System

\*Based on no more than two subject failures

CRICOS course code: 053606J

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Business Communication
- Accounting for Business
- Economics for Business 1
- Fundamentals of Business Finance
- Managing People and Organisations

#### Stage 2

- Accounting Transactions and Business Decisions
- Marketing Foundations
- Business Statistics
- Elective Choice: Economics for Business 2  
or  
The Financial System

CRICOS course code: 070300G

### UTS:INSEARCH Diploma of Business can lead to the 2<sup>nd</sup> year of the following bachelor degrees at UTS:

- **UTS Bachelor of Business** majoring in: Accounting, Economics, Finance, Financial Services, Human Resources, International Business, Business Management, Marketing, Marketing and Communication.

Students who undertake a major in Economics, Finance and Financial services also have the option to take a second major in: Business Law, Tourism, Sport Management or Information Technology.

- **UTS Bachelor of Business, Bachelor of Science in Information Technology (combined degree).**

## UTS:BUSINESS

The Bachelor of Business at UTS offers a wide range of specialisations, with flexibility to tailor the course to meet your career goals. Employers value UTS business graduates for their progressive thinking combined with practical, work-ready knowledge and skills.

[www.business.uts.edu.au](http://www.business.uts.edu.au)

### WHAT'S GREAT ABOUT UTS:BUSINESS?

- One of the few business courses worldwide that have Accreditation by the Association to Advance Collegiate Schools of Business (AACSB International).
- You will undertake live case studies with some of the world's leading businesses.
- You can choose from 13 majors, 4 extended majors and over 30 sub-majors.
- You can specialise your degree by combining it with Biotechnology, Engineering, Medical Science, IT, Law, Science or International Studies.

#### Typical areas you can work in:

- Accounting
- Advertising
- Banking
- Brand Management
- Business Analysis
- Economics
- Financial Planner
- Human Resources
- Insurance
- International Business
- International Banking
- Investment Management
- Marketing
- Management
- Project Management
- Strategic Planning

For full entry requirements and articulation details, please refer to pages 34-42.

# UTS:INSEARCH Communication Pathways to UTS

The pathway you take into UTS will depend on your English proficiency and Academic qualifications

## PATHWAY 1

## PATHWAY 2

## PATHWAY 3

\*The point where you enter into the UTS degree will depend on your chosen major – refer to the next page for full credit points.

## UTS FOUNDATION STUDIES (ARTS AND SOCIAL SCIENCES)

The UTS Foundation Studies (Arts and Social Sciences) program prepares you for Australian university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

Entry into the Standard or Accelerated programs will be determined by academic qualifications at the time of entry.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

Students study five common subjects in the first semester:

- Foundations of Academic English
- Applied Mathematics
- Australian Studies
- Technology and Society
- Academic and Professional Environments

On completion of the subjects in the first semester Standard program, students then join the Accelerated program and choose the Arts and Social Sciences stream of study.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Arts and Social Sciences Stream, students study the following subjects:

- Academic English for Creative Industries
- Digital Literacies
- Media Studies
- Multimedia
- Society and Culture

Please see pages 39-42 for articulation requirements to UTS:INSEARCH diplomas and UTS.

## UTS:INSEARCH DIPLOMA OF COMMUNICATION (PUBLIC RELATIONS)

The UTS:INSEARCH Diploma of Communication (Public Relations) program is designed in collaboration with the UTS faculty of Arts and Social Sciences. This means the educational outcomes for students undertaking the UTS:INSEARCH Diploma of Communication (Public Relations) are equivalent to those of first year students studying a Bachelor of Arts in Communication majoring in Public Communication (Public Relations) at UTS.

These students are guaranteed entry into the 2<sup>nd</sup> year of the UTS Bachelor of Arts in Communication majoring in Public Communication (Public Relations) degree upon successful completion of their diploma with no more than two subject failures.

Students undertaking other communication majors at UTS will enter into the first year of the communication degree with 48 credit points.\*

Students who successfully complete the Diploma of Communication (Public Relations) will be equipped with the skills and knowledge to be able to conduct research, interviews and present findings in various forms, including writing, photography and digital media. The Diploma of Communication (Public Relations) is offered as a Standard or Accelerated program.

\*Please see below for full credit point listings.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a guaranteed\* entry into the first or second year# of a UTS Bachelor of Arts in Communication degree.

#### Stage 1

- Academic and Professional Communication
- The Ecology of Public Communication
- Understanding Communication

#### Stage 2

- Language and Discourse
- Principles of Public Relations

#### Stage 3

- Ideas in History
- Strategic Public Relations

\* Based on no more than two subject failures

# Depending on which major you choose

CRICOS course code: 053609F

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Professional Communication
- The Ecology of Public Communication
- Understanding Communication
- Language and Discourse

#### Stage 2

- Ideas in History
- Principles of Public Relations
- Strategic Public Relations

CRICOS course code: 070303E

**UTS:INSEARCH Diploma of Communication (Public Relations) can lead to the 2<sup>nd</sup> year of the following bachelor degree at UTS:**

- **UTS Bachelor of Arts in Communication** majoring in: Public Communication (Public Relations) . Within the Public Communication major, students may specialise in either Public Relations or Advertising.

**UTS:INSEARCH Diploma of Communication (Public Relations) can lead to the 1<sup>st</sup> year of the following bachelor degree at UTS:**

- **UTS Bachelor of Arts in Communication** majoring in: Journalism, Public Communication (Advertising), Writing and Cultural Studies, Media Arts and Production, Information and Media or Social Inquiry. (Total of 48 credit points over the duration of your course. Credit recognition allows for a reduced course load and degree completion in two and a half years.)

## UTS:COMMUNICATION

The Bachelor of Arts in Communication is one of the most in-demand programs in Australia. The course brings together the best of traditional and contemporary research and offers a wide range of specialisations to suit your career goals. Industry work placements provide you with work-ready knowledge and skills, making UTS communication graduates highly sought-after by employers.

[www.communication.uts.edu.au](http://www.communication.uts.edu.au)

### WHAT'S GREAT ABOUT UTS:COMMUNICATION?

- One of the most in demand communication degrees in Australia.
- Graduates are highly sought after by employers due to the practical, hands on nature of the course.
- Strong industry networks: More than 150 companies partner with UTS – so you can expand your network and make valuable contacts for your future career.
- Cutting edge facilities with the latest technology: including media production labs, video editing suites, multi-platform computer labs, sound facilities, journalism workroom and the Bon Marche studio.

#### Typical areas you can work in:

- Advertising
- Cinematography
- Communication
- Copywriting
- Editing
- Feature Writing
- Film Direction
- Journalism
- Multimedia Designing
- New Media Production
- Novel Writing
- Political Advising
- Public Relations
- Publishing
- Radio Production
- Scriptwriting

For full entry requirements and articulation details, please refer to pages 34-42.

## UTS: DESIGN, ARCHITECTURE AND BUILDING

The DAB faculty has an international reputation for cutting-edge, professional coursework programs. Its courses are highly respected by the industry as they are both practical and at the forefront of industry trends.

[www.dab.uts.edu.au](http://www.dab.uts.edu.au)

## WHAT'S GREAT ABOUT UTS:DESIGN?

- State-of-the-art design facilities.
- Many lecturers with international recognition for their work.
- Opportunities to gain industry experience while you study.
- The chance to win national and international awards for your project.
- Courses regularly reviewed by industry advisory committees to ensure students are up-to-date with industry practice.

### Typical areas you can work in:

- Animation
- Architecture
- Broadcasting
- Design Consultancy
- Fashion/ Textile design
- Fashion Editing
- Furniture Design
- Industrial Materials Design
- Interior Design
- Photography
- Production Design
- Styling
- Urban Design

or  
Mathematical Modelling 2

CRICOS course code: 070305C

## UTS:ENGINEERING

UTS:Engineering is widely regarded as Australia's leader in practice-based engineering education. The faculty offers a wide range of courses across many fields of study.

Courses are a combination of academic study and guided experience in real workplace settings – meaning that UTS engineering graduates are taught skills that current employers want.

[www.eng.uts.edu.au](http://www.eng.uts.edu.au)

### WHAT'S GREAT ABOUT UTS:ENGINEERING?

- International recognition through accreditation by Engineers Australia.
- Opportunity to gain extensive industry experience as part of the Diploma in Engineering Practice.
- Graduate salaries and employment rates that are well above the national average.
- International opportunities include global exchange program, combined your degree with international studies or even do one of your internships overseas.

#### Typical areas you can work in:

- Civil Engineering
- Design Engineering
- Electrical Engineering
- Environmental Engineering
- Information and Communication Technology
- Mechanical Engineering
- Mechatronics Engineering
- Product Planning and Strategy
- Project Management
- Policy Development
- Robotic Manufacturing

For full entry requirements and articulation details, please refer to pages 34-42.

### UTS:INSEARCH Diploma of Engineering can lead to the 2<sup>nd</sup> year of the following bachelor degree at UTS:

- **UTS Bachelor of Engineering** majoring in: Civil (with specialisations in Construction and Structural Engineering), Civil and Environmental, Electrical, Information and Communication Technologies (with sub-majors in Computer Systems, Software and Telecommunications Engineering), Innovation, Mechanical or Mechanical and Mechatronics and no specified major.

# UTS:INSEARCH Information Technology Pathways to UTS

## PATHWAY 1

## PATHWAY 2

## PATHWAY 3

## UTS FOUNDATION STUDIES (INFORMATION TECHNOLOGY)

The UTS Foundation Studies (Information Technology) program prepares you for Australian university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas and, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

Entry into the Standard or Accelerated programs will be determined by academic qualifications at the time of entry.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

Students study five common subjects in the first semester:

- Foundations of Academic English
- Applied Mathematics
- Australian Studies
- Technology and Society
- Academic and Professional Environments

On completion of the subjects in the first semester Standard program, students then join the Accelerated program and choose the Information Technology stream of study.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Information Technology Stream, students study the following subjects:

- Academic English for Science and Technology
- Digital Literacies
- Mathematics A
- Multimedia
- Programming

Please see pages 39-42 for articulation requirements to UTS:INSEARCH diplomas and UTS.

**UTS:INSEARCH DIPLOMA OF INFORMATION TECHNOLOGY**

The UTS:INSEARCH Diploma of Information Technology program is designed in collaboration with the UTS faculty of Engineering and Information Technology. This means the educational outcomes for students undertaking the Diploma of Information Technology are equivalent to those of first year students studying a Bachelor of Science in Information Technology, Diploma in Information Technology Professional Practice at UTS.

Students are guaranteed entry into the 2<sup>nd</sup> year of the UTS Bachelor of Science in Information Technology, Diploma in Information Technology Professional Practice degree upon successful completion of their diploma with no more than two subject failures.

Graduates of the Diploma of Information Technology will have the necessary technical skills to be able to analyse system problems and identify solutions, construct basic networks and write object-oriented codes. Graduates will also be able to communicate effectively using written, verbal and visual techniques, and to operate professionally and ethically in an information technology and business environment. The Diploma of Information Technology is offered as a Standard or Accelerated program.

**STANDARD PROGRAM**

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a guaranteed\* entry into the second year of a UTS Information Technology degree.

**Stage 1**

- Academic and Information Technology Communication
- Introduction to Information Systems
- Programming Fundamentals

**Stage 2**

- Business Requirements Modelling
- Networking Essentials
- Web Systems

**Stage 3**

- Applications Programming
- Collaborative Business Processes
- Database Fundamentals

\*Based on no more than two subject failures  
CRICOS course code: 053604M

**ACCELERATED PROGRAM**

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

**Stage 1**

- Academic and Information Technology Communication
- Introduction to Information Systems
- Networking Essentials
- Programming Fundamentals
- Web Systems

**Stage 2**

- Business Requirements Modelling
- Collaborative Business Processes
- Applications Programming
- Database Fundamentals

CRICOS course code: 070299G

**UTS:INSEARCH Diploma of Information Technology can lead to the 2<sup>nd</sup> year of the following bachelor degrees at UTS:**

- UTS Bachelor of Science in Information Technology, Diploma in Information Technology Professional Practice
- UTS Bachelor of Business, Bachelor of Science in Information Technology (combined degree)

**UTS:INFORMATION TECHNOLOGY**

UTS:Information Technology is one of the most prestigious providers of Information Technology education in Australia with a hands-on approach to teaching, enhanced by extensive research. Undergraduate programs are closely aligned with current industry practice, giving students the cutting-edge knowledge and skills sought after by employers. In addition, all students have the opportunity to undertake a one-year paid internship.

[www.it.uts.edu.au](http://www.it.uts.edu.au)

**WHAT'S GREAT ABOUT UTS:INFORMATION TECHNOLOGY?**

- Practice based IT education with the opportunity to undertake internships.
- A mix of business and essential IT skills.
- Scholarship opportunities.
- Outstanding facilities in a wireless and network connected building, with remote and 24/7 access to the IT building and IT computer labs.

**Typical areas you can work in:**

- Business Analysis
- Computer Animation
- Computer Games Development
- Consultancy
- Information Systems Management
- Programming
- Project Management
- Software Development
- Systems Analysis
- Web Development

For full entry requirements and articulation details, please refer to pages 34-42.

# UTS:INSEARCH Science Pathways to UTS

The pathway you take into UTS will depend on your English proficiency and Academic qualifications

## PATHWAY 1

## PATHWAY 2

## PATHWAY 3

\*The point where you enter into the UTS degree will depend on your chosen major – refer to the next page for full credit points.

## UTS FOUNDATION STUDIES (PHYSICAL SCIENCES OR NURSING AND HEALTH SCIENCES)

The UTS Foundation Studies (Physical Sciences or Nursing and Health Sciences) program prepares you for Australian university study in a range of disciplines. It covers content related to the field of study you may wish to pursue at UTS and encourages development of university skills and learning styles.

This program provides pathways to UTS:INSEARCH diplomas or, for students who obtain exceptional results, entry into the first year of undergraduate degrees at UTS. Students must achieve the required Grade Point Average (GPA) for direct entry into UTS.

Please see pages 39-42 for articulation requirements to UTS:INSEARCH diplomas and UTS.

Entry into the Standard or Accelerated programs will be determined by academic qualifications at the time of entry.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

Students study five common subjects in the first semester:

- Foundations of Academic English
- Applied Mathematics
- Australian Studies
- Technology and Society
- Academic and Professional Environments

On completion of the subjects in the first semester Standard program, students then join the Accelerated program and choose the Physical Sciences stream of study.

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

In the UTS Foundation Studies Physical Sciences Stream and Nursing and Health Sciences stream, students study the following subjects:

- Academic English for Science and Technology
- Digital Literacies
- Chemistry
- Mathematics B (Physical Sciences)
- Physics (Physical Sciences)
- Mathematics A (Nursing and Health Sciences)
- Society and Culture (Nursing and Health Sciences)

## UTS:INSEARCH DIPLOMA OF SCIENCE

The UTS:INSEARCH Diploma of Science program is designed in collaboration with UTS Science. This means the educational outcomes for students undertaking the Diploma of Science are almost equivalent to those of first year students studying a Bachelor of Science at UTS. Our Diploma of Science enables students to enter into the first year of the science degree with up to 42 credit points.\*

Students who successfully complete the Diploma of Science will understand the practical uses of science and engineering and learn basic skills in the core areas. Students will also know how to apply and communicate science both professionally and scientifically. They will have the breadth, depth and complexity of skills and knowledge to be able to plan, manage and review a range of solutions to problems in scientific environments. The Diploma of Science is offered as a Standard or Accelerated program.

\*Please see below for full credit point listings.

### STANDARD PROGRAM

(3 semesters, 12 months duration)

This is the recommended pathway program for students wanting a guaranteed\*\* entry into the first year# of a UTS Science degree.

#### Stage 1

- Academic and Technical Communication
- Mathematical Modelling 1  
or  
Foundation Mathematics
- Physical Modelling

#### Stage 2

- Engineering Communication
- Mathematical Modelling 2#  
or  
Mathematical Modelling 1
- Networking Essentials

#### Stage 3

- Statics
- Chemistry 1
- Informatics: Visual Basic

\*\* Based on no more than two subject failures

CRICOS course code: 070302F

### ACCELERATED PROGRAM

(2 semesters, 8 months duration)

This program covers the same subjects undertaken in the Standard program but over a reduced period. It is designed for students wanting to fast track their studies to meet UTS semester intake dates.

All students are encouraged however to do the Standard program to optimise their learning outcomes.

#### Stage 1

- Academic and Technical Communication
- Chemistry 1
- Mathematical Modelling 1  
or  
Foundation Mathematics
- Networking Essentials
- Physical Modelling

#### Stage 2

- Engineering Communication
- Informatics: Visual Basic
- Mathematical Modelling 2#  
or  
Mathematical Modelling 1
- Statics

CRICOS course code: 070301G

### UTS:INSEARCH Diploma of Science can lead to the 1<sup>st</sup> year of the following bachelor degrees at UTS:

- **UTS Bachelor of Science** majoring in: Applied Chemistry (42 credit points#); Applied Physics (42 credit points#); Chemical Sciences (42 credit points#); Nanotechnology (42 credit points#); Mathematics (42 credit points); Statistics (42 credit points); Environmental Forensics (36 credit points); Environmental Biology (36 credit points); Environmental Sciences (36 credit points); Marine Biology (36 credit points); Biotechnology (36 credit points); Biomedical Science (36 credit points); Medical Science (36 credit points); Medical and Molecular Biosciences (36 credit points); Physics and Advanced Materials (42 credit points#)
- **UTS Bachelor of Forensic Science in Applied Chemistry (18 credit points)+**
- **UTS Bachelor of Forensic Biology in Biomedical Science (12 credit points)+**
- **UTS Bachelor of Mathematics and Computing (6 credit points)+**
- **UTS Bachelor of Mathematics and Finance (6 credit points)+**

# Students who complete Mathematical Modelling 2 and major in Applied Chemistry, Applied Physics or Nanotechnology at UTS can receive advanced standing of 48 credit points.

+ Credit points awarded over course duration

## UTS:SCIENCE

UTS:Science teaches undergraduate courses differently. It believes the only successful way to learn real science and technology is to experience it firsthand. It offers a strong hands-on learning environment, combined with in-depth contemporary theory. Students are exposed to cutting-edge scientific technology in state-of-the-art facilities.

[www.science.uts.edu.au](http://www.science.uts.edu.au)

### WHAT'S GREAT ABOUT UTS:SCIENCE?

- Choice of 11 specialisations.
- Sydney's only Biomedical Science course accredited by the Australian Institute of Medical Scientists.
- World-class facilities with cutting edge specialist laboratories and home to the Delta Vision 3D OMX, Super-resolution Microscope, (one of only two in the world).
- Internationally recognised lecturers with industry knowledge and experience.
- New building in 2014.

#### Typical areas you can work in:

- Biomedical Research
- Clinical Pathology
- Consultancy (in your specialised area)
- Drugs and Vaccine Research
- Environmental Research
- Fisheries Management
- Forensics
- Marine Biology
- Quarantine Control
- Research
- Stock Market Analysis
- Teaching

For full entry requirements and articulation details, please refer to pages 34-42.

# UTS:INSEARCH English Course Entry Requirements

If you have a current IELTS or TOEFL score (no older than 12 months), you can use the table below to see at which level you will need to start and the minimum number of weeks of English you will need to study before you start your chosen UTS:INSEARCH academic course or UTS undergraduate or postgraduate degree.

The duration of your English language program depends on your English entry level and your intended pathway. UTS:INSEARCH diploma programs require a pass at AEP 9. UTS Foundation Studies requires a pass at AEP 8. UTS degree programs require a pass in DEEP. Having an IELTS or TOEFL result will assist in estimating the duration of your English language studies for UTS Foundation Studies, UTS:INSEARCH diploma and degree programs.

If you are planning to go to UTS to study a postgraduate degree you will need to complete DEEP.

## ACADEMIC ENGLISH PROGRAM (AEP) AND DIRECT ENTRY ENGLISH PROGRAM (DEEP)

IELTS ENTRY			TOEFL ENTRY							UTS:INSEARCH ACADEMIC ENGLISH PROGRAM (AEP) LEVEL*	
Overall Score	Writing Score	Reading Score	PAPER-BASED			COMPUTER-BASED			TOEFL iBT		
			Total Score	Structure	Test of Written English	Total Score	Structure	Essay			
6.0	6	-	550	58	4.5	213	24	4.5	80	21W	DEEP
5.5	6	-	525	58	4.5	195	24	4.5	70	21W	9

3.5	3	-	-	-	-	-	-	-			2
3.0	3	-	-	-	-	-	-	-			1

## GENERAL ENGLISH (GE)

IELTS ENTRY			TOEFL ENTRY				UTS:INSEARCH GENERAL ENGLISH (GE) LEVEL*
Overall Score	Writing Score	Reading Score	PAPER-BASED		COMPUTER-BASED		
			Total Score	Test of Written English	Total Score	Essay	
5.0	5	-	500	4.0	173	4.0	GE3
2.5	2	-	-	-	-	-	GE2
2.0	2	-	-	-	-	-	GE1

\*Australian immigration guidelines may determine the length of English study allowed.

### PERIOD OF VALIDITY

Please note the guidelines above are minimum requirements based on IELTS or TOEFL scores no older than 12 months at date of commencement of your INSEARCH English studies. To qualify to enter a particular level, you will need to provide an original IELTS or TOEFL result.

### UTS:INSEARCH PLACEMENT TEST

If you do not have a current IELTS or TOEFL result, you will need to sit the INSEARCH placement test which is conducted on the morning of the first day of term.

### EXIT TESTING

You will be given a test at the end of each level of study. Your result in this test will be used to determine your progression to the next level.

### ENTRY TO UTS

Please check the minimum grades to meet the English entry requirement for UTS courses at [www.uts.edu.au/international](http://www.uts.edu.au/international)

GLOBAL ASSESSMENT CERTIFICATE	On application	0.7	0.75	0.73	
INTERNATIONAL BACCALAUREATE	Successful completion of 1 year of the Diploma	Year 2 of the Diploma with 12 points in 4 subjects	24	23	

## BONUS POINTS

If you have completed the NSW Higher School Certificate(HSC) examination but have not achieved the minimum ATAR requirement needed for a UTS:INSEARCH diploma, you may be eligible to receive bonus points which could result in an offer being made. UTS:INSEARCH offers bonus points because we believe a student's ability to undertake a particular course should be determined by their performance in subjects relevant to the course they are applying to and not just on their ATAR alone.

## English Language Entry Requirements

	UTS FOUNDATION STUDIES		UTS:INSEARCH STANDARD DIPLOMA COURSES (Standard - 3 semesters and Accelerated - 2 semesters)
	UTS Foundation Studies (Standard - 3 semesters and Accelerated - 2 semesters)		Diploma of: <ul style="list-style-type: none"> <li>• Business</li> <li>• Communication (Public Relations)</li> <li>• Design (Visual Communication)</li> <li>• Engineering</li> <li>• Information Technology</li> <li>• Science</li> </ul>
IELTS (Academic)	5.5 Overall with minimum 5.0 in all bands		6.0 overall with 6.0 in writing
TOEFL - PB	525 TWE 4.0		550 TWE 4.5
TOEFL - CB	197 TWE 4.0		213 TWE 4.5
TOEFL - iBT	71 with 16 in writing		80 writing 21
Pearson Test of English PTE (Academic)	Overall 46, no communicative skill score less than 38		Overall 54, no communicative skill score less than 54
UTS:INSEARCH English	AEP8 with grade C		AEP9 with grade C

International students who undertook their senior high schooling in the Australian Education System will be required to sit the IELTS test in the following cases:

- They have undertaken only Year 11,
- They have achieved a low ATAR result or;
- They do not have an ATAR result at all.

# Frequently Asked Questions (FAQ's)

When applying and enrolling at UTS:INSEARCH

Even after reading through our website and this guide, we understand you may still have some additional questions about the application and enrolment process. You may find some of the answers to these below. If you have any additional admissions-related questions please contact the Student Admissions Team (see back cover for contact details).

## What is the turn-around time for processing applications?

Complete applications are processed within 48 hours.

## What happens if there is a gap between courses?

The student needs to fill the gap if they are applying for a package visa. Contact the UTS:INSEARCH Student Admissions office regarding your appropriate study plan.

## What is the process for extending a Full Time English (FTE) enrolment?

The student needs to go to the UTS:INSEARCH Student Centre and a staff member will arrange the re-enrolment and issue a new electronic Confirmation of Enrolment (e-CoE) upon receipt of payment.

## Can I still apply even if I don't have all my certified documents with me?

UTS:INSEARCH can still process your application even if you haven't got all of the relevant documents you need. We will provide you with a provisional offer. Once all required documents have been received a full offer can be provided.

## Attendance

Australian government regulations state that it is a condition of a student visa that a student must attend a minimum of 80% of the course.

## Do you need to purchase health insurance if you are on a student visa?

Yes. Visa requirements state that international students will need to purchase an approved Overseas Student Health Cover (OSHC) medical insurance policy before you arrive in Australia, which will cover you for your entire visa. UTS:INSEARCH can assist in arranging this. Refer to our international application form.

## Why should I apply early?

Students should apply early to receive an offer. Accepting the offer by payment of fees will secure the place in their desired course of study.

## Am I eligible for bonus points?

Students who have completed the Australian Higher School Certificate (HSC) may be eligible for BONUS POINTS if they do not have the required ATAR to get into one of our programs. Make sure you check with our admissions team to find out more.

### Can students work while studying?

A focus on study is important but we recognise that some students may want to work part-time. Working arrangements need to be fitted around student's study commitments.

All student visas are issued allowing students to undertake part-time work. However, some visas may have work restrictions, (visa condition 8101) that prevents students from undertaking any work.

Full-time students may work part-time (maximum 40 hours per fortnight) while studying. During study breaks, students may work full time.

Part-time work must not interfere with a student's studies. Full-time students must be available to attend classes between 9.00am and 5.30pm.

### Where can students find information on course timetables?

Information on lecture and tutorial times is posted on the student intranet. Access will be provided during Orientation Week.

### Who qualifies for Homestay?

Any UTS:INSEARCH student can apply for Homestay Accommodation.

### How long does UTS:INSEARCH need to organise homestay accommodation for a student?

UTS:INSEARCH requires at least 14 days' notice to arrange homestay and airport welcome service. For more information contact our Homestay Coordinator: +61 2 9218 8614 or [homestay@insearch.edu.au](mailto:homestay@insearch.edu.au)

### How can a student withdraw from UTS:INSEARCH after commencement of their course?

If a student decides to withdraw from their studies at UTS:INSEARCH they should first speak to staff in the Student Centre office or Academic Advisers. Where an approval to withdraw is granted, they will need to return their student card after first returning all resources to the library. All students wishing to withdraw are subject to the UTS:INSEARCH conditions of enrolment. For further information, please visit the UTS:INSEARCH Student Centre.

### Do international students need to leave the country after withdrawing?

In some situations, international students may be required to return overseas after withdrawing.

Where approval to withdraw is granted, UTS:INSEARCH is required to advise DIAC of this change in their enrolment status. Students on UTS package visas will also need to contact the UTS International Office to alert them to any change in their study plans.

# How Can I Apply?

**Step 1** UTS:INSEARCH strongly encourages prospective international students to apply through our authorised education agents. Please visit [www.insearch.edu.au](http://www.insearch.edu.au) to find an agent representative in your country.

Alternatively, send a completed and signed UTS:INSEARCH International Student Application Form (located on our website), along with certified copies of English qualifications and academic transcripts (translated into English) to:

UTS:INSEARCH Student Admissions  
PO Box K1085 Haymarket  
NSW 1240, Australia

Or email: [registrar@insearch.edu.au](mailto:registrar@insearch.edu.au)

**Step 2** You will receive notification of the outcome of your application. Notification will include an offer (or provisional offer) for the course and details of fees.

**Step 3** If you decide to accept this offer you should forward the payment of fees by bank draft in Australian dollars to the above address with your acceptance form.

**Step 4** Ideally, payment of fees should be made no later than four weeks prior to course commencement to allow sufficient time for processing of your student visa application. In some cases this may take longer. Early payment of fees is desirable to secure a place in the course of your choice.

**Step 5** Upon receipt of these fees an Electronic Confirmation of Enrolment (e-CoE) for overseas students will be provided. The e-CoE is needed to obtain a student visa.

**Step 6** Please contact staff at: UTS:INSEARCH Student Centre, Ground floor, 187 Thomas St, Sydney once you have arrived in Sydney.

For more detailed information regarding enrolment at UTS:INSEARCH, please read the application form or contact UTS:INSEARCH Student Centre [T] +61 2 9218 8666.

## PACKAGING OFFER INFORMATION FOR STUDENTS

All International students must obtain a student visa from the Australian Government for the duration of their study. You can be granted a visa to cover the total of the proposed package only if you can provide confirmations of enrolment (an e-CoE) for all courses.

## UTS:INSEARCH ACADEMIC PACKAGE OFFER

A UTS:INSEARCH academic package is comprised of a Foundation Studies program and a diploma course but can also include a preliminary English course. Students undertaking an UTS:INSEARCH academic package will receive 5% discount of the total diploma and English tuition fees.

To qualify, students must apply for the UTS:INSEARCH academic package program including English where necessary, and pay for English (where applicable) and the first semester tuition fee of the UTS Foundation Studies course prior to the commencement of the English language course and/or the UTS Foundation Studies course. Payment required is noted in your offer letter.

## UTS PACKAGE OFFER

By completing the UTS Package Offer Application Form, international students can apply for a UTS package course comprising:

- a UTS:INSEARCH English preparation course, a UTS Foundation Studies course and a UTS Bachelor course or
- a UTS:INSEARCH English preparation course, a UTS Foundation Studies course, an UTS:INSEARCH diploma course and a UTS Bachelor course or
- a UTS:INSEARCH English preparation course, an INSEARCH diploma course and a UTS Bachelor course or
- a UTS:INSEARCH English preparation course and a UTS Bachelor course or
- a UTS Foundation Studies course and UTS Bachelor course or
- a UTS:INSEARCH diploma course and UTS Bachelor course or
- a UTS:INSEARCH English preparation course and a UTS undergraduate and postgraduate course.

Note: List of fees payable to UTS:INSEARCH are available on the UTS:INSEARCH Application Form. International students with any school-aged dependants accompanying them to Australia will be required to pay full school fees if they are enrolled in either a government or non-government school. Visa length cover OSHC must be paid for when you pay your fees.
